Subject: CES informational meeting - October 22nd

Good Afternoon Amy,

The attached letter went out of my office today. As you know, TCEQ is holding a public meeting to provide interested parties more information about the CES site. Additionally, as you are aware, we are setting up a web site where site information can be retrieved. I believe that EPA information on the site will be limited to: 1) waste characterization analytical reports, 2) EPA signed removal justification and 3) the informational flyer that EPA distributed to the neighborhood. TCEQ has set up a conference call line to allow out-of-area counsel to participate in the meeting. The information is in the attached letter.

Please let me know if you have any questions or concerns.

Sincerely,

Patricia J. Scott
